Medication reviews are carried out on a regular basis as indicated on your prescription request form. Repeat prescriptions may not be issued after this date until the review has occurred.

Patient Registration

If you live within the practice boundary you can register with the practice during normal opening hours. You will need to complete and sign registration documents and a health questionnaire, both of which are available to print off from our website www.southwoodpractice.co.uk. You will also need to provide a form of identification, for example your passport, driving licence or household bill. You will not be registered until these forms have been correctly completed, signed and returned. Please see our website for practice boundaries and a quick postcode checker.

Home Visits

If you are too ill to come to the surgery and genuinely need a home visit please telephone before 10.30am so the doctors can plan their calls. Home visits are normally undertaken between midday and 3pm and are often preceded by the GP contacting the patient.
